

## F02 SERVICE TRAINING

MODULE REFERENCE: MSEF

---

### GOAL

To equip industry professionals with the basic skills and knowledge required for servicing Biffi F02 electric actuators.

### WHO CAN ATTEND?

- Project design engineers
- Commissioning engineers
- Plant operators
- Supervisory engineers
- Electrical and mechanical maintenance technicians

### MAXIMUM NUMBER PER COURSE

6 people

### TRAINING METHOD

These are PowerPoint driven lectures fronted by a teacher. Lessons are reinforced by physical demonstrations, where the F02 is assembled, disassembled, configured and set-up. Practical lessons combine simulation sessions with a range of dedicated programs including PC, PDA, TABLET and 'A' Manager.

### COURSE LENGTH

2 days

### COURSE CONTENT

- Product overview
- Actuator operation
- Operation by hand wheel
- Local/remote control
- Configuration
- Local operator interface
- 'A' Manager program
- Basic maintenance
- Repairing and retrofitting
- Troubleshooting
